

New Broadband Internet Service Provider

The TVW Board of Directors have approved a new lease agreement with HuerfanoTel that will provide additional Broadband Wireless Internet service for TVW.

Who is HuerfanoTel?

HuerfanoTel are providers of Fixed Wireless Access (FWA) that delivers state of the art Internet and VOIP telephone service to rural areas of Colorado. Fixed wireless is the operation of wireless communication devices or systems used to connect two fixed locations (e.g., building to building or tower to building) with a radio or other wireless link.

What happened to SECOM?

SECOM is still available to those owners that are in the line of sight to their antenna. If you are happy with SECOM then everything can stay as is. Given the location of the HuerfanoTel antenna (next to the Water Storage Tank) they will be able to service those properties that currently cannot access SECOM.

What is the Cost?

There will be an initial, one-time upfront cost of \$159. This is for the radio installation (\$99) and Router cost (\$60). The monthly service fee will be \$60 for 10 Mbps service.

Who do I contact if I am interested?

Many people these days like to text so you can text them at 719-988-0144. You can also call and leave a message. You can also email them at sales@huerfanotel.com.

When will this service be available?

Installation of the equipment is scheduled for the week of May 3, 2021, weather permitting. Exact dates for the individual connections are TBD based on scheduling with HuerfanoTel.

Who should I contact at TVW if I have questions?

Questions can be directed to Andy Pursch at the following email address.

TVWCommonArea@gmail.com. Please include “***HuerfanoTel***” in subject line.
