

TVW Property Owners,

There has been some misunderstanding regarding the Shooting Range Trail, which is documented in the proposed Common Area Trails document. In order to clarify this misunderstanding, the Board of Directors held a special meeting on August 4 at which the following motion was passed.

"The Board of Directors affirms that the Lot owners will vote on the location of the target practice area." The vote for the target practice area will be taken at a later date. All Board members present voted in favor of the motion, which was presented by John Frederick.

Therefore, a vote "yes" for the Common Area Trails does NOT mean an approval vote for any type of target area.
