

Roads Committee

Committee Members: Mike Smith- Chair, Tom Coseno, Walt Lynn

Responsibilities: Improve and Maintain roads within TVW

2020 Mid-Year Update

- ❖ Road projects have been delayed due to a lack of moisture. Work was started late July and continues as moisture allows.
- ❖ Cleaned culverts: All culverts with major obstruction were cleaned.
- ❖ Addressed wash boarding issues from entrance to Coseno's
- ❖ Started crowning and width reduction of roads. Completed water plant road from bottom to four way.
- ❖ Re-established critical roadside ditches: Work continues to reshape ditches where major issues have occurred. As road improvements continue, additional shaping will take place.

Remaining Work/Projects

- ❖ Continue crowning and width reduction of roads (i.e. Water plant road from four way to water plant.
- ❖ Address large exposed rocks in roads with additional gravel coverage
- ❖ Coordinate private driveway culvert cleaning with TVW culvert cleaning
- ❖ Replace 2 culverts -????

2021 Goals/Projects

- ❖ Restart road assessment program late spring
- ❖ Continue rehabilitation crowning, width reduction roads.
